

Job Title: Thermal Spray Assistant

Mettech requires a Thermal Spray Assistant to join our team.

Number of Hours per Week: 40

Mettech manufactures advanced plasma thermal spray coating equipment and provides expert coating service, support and development to customers from a wide range of industries including aerospace, automotive, energy, printing, pulp & paper, mining, and metals & metal processing. Headquartered in Surrey, British Columbia, Northwest Mettech Corp. is a leader in developing thermal spray technology. Mettech is a pioneer in Axial Suspension Plasma Spray Technology with innovative liquid injection (suspension feeders) and surface engineered coating solutions.

What you will BRING

- A good hands-on mechanical aptitude including the use of common hand and power tools, and other mechanical shop machines
- Exceptional communications skills to follow written/verbal instructions accurately and point out potential problems in advance
- Attention to detail required to perform process tests for quality control and assurance as well as research and development
- Use of handheld measurement tools
- Embrace the learning experience and be open to taking on new challenges
- Ability to operate a computer (Word, Outlook, etc.)
- The legal ability to work in Canada
- Experience as a thermal spray operator is an asset, but not required (Will provide training on thermal spraying)
- Experience with robotic equipment is an asset, but not required.

What you will DO

- Assist all operations required for thermal spray coatings (grit-blasting, masking, set up spray system handling, and fixturing) and make suggestions for improvements to run job more efficiently
- Utilize handheld instruments for parts dimension measurement and visually inspection
- Lift and carry merchandise as needed, up to 50 lbs.
- Assist the team with daily tasks, coordination and assembly
- Work both independently and as part of a small team
- Keep the shop area neat and tidy at all times
- Follow all health and safety regulations.

What's in it for YOU?

- The Ability to make a difference and build something **extraordinary** with our team
- The chance to work with leaders who support your development through coaching and managing opportunities;
- Getting to work in a dynamic, collaborative, progressive, and high-performing team
- Opportunities to do challenging work
- Opportunities to be mentored by world leaders in developing thermal spray technology
- Wages based on experience and performance, starting at a competitive base salary with benefits

Note: Only local applicants from the Greater Vancouver and Fraser Valley area will be considered

At Mettech, we don't just accept difference - we celebrate it, we support it, and we thrive on it for the benefit of our team, our products, and our community. Mettech is proud to be an equal opportunity workplace.
